Joshua M. Haan

Seattle, WA | (360) 927-0333 | joshua.haan@ymail.com | haanj.io
@haan_joshua | linkedin.com/in/haanj | github.com/haanj

I am a full-stack developer, primarily experienced with the MEAN (MongoDB, Express, Angular, Node) stack, but love learning and experimenting with other languages and technologies. My interest in the field was sparked by my background in product and web content management.

TECHNICAL SKILLS

JavaScript, Express, Angular, Vue, Node, HTML/CSS/Scss, MongoDB/No-SQL, jQuery, Gulp, Mocha/Chai, Protractor, SQL, SEO, Linux

EDUCATION

Code Fellows | Seattle | May 2016
Certificate in Advanced Full-Stack JavaScript Development

Seattle Pacific University | Seattle | July 2012
Bachelor of Arts, *Linguistics & Cultural Studies*
- Graduated Cum Laude, 3.62 GPA, Intermediate proficiency in French, coursework in computer science
